

Snowdrift

colour & design®

Bring a sense of wonder to your space with Snowdrift — a strikingly glamorous, abstract wallcovering that shimmers with life. The high-flash finish dances with light, evoking the ephemeral beauty of storms, music, and magic. Each colour, named for the forces that move and inspire us, offers designers a palette for creating dynamic, unforgettable environments. Perfect for feature walls, lobbies, or anywhere your project calls for bold sophistication and a spark of the extraordinary. Snowdrift transforms interiors into living art — a celebration of beauty in motion.
